## SUPREME COURT GIVE 75 OPINIONS

SIXTY DAYS GIVEN TO EXPRESS  
COMPANIES TO BRIEF CASES  
ON APPEAL FROM CORPOR-  
ATION COMMISSION.

## CAPITAL CASE NOT DISPOSED

Ruling Made That Means Thousands  
of Dollars to Judge on Indian  
Territory Side of Oklahoma.

Guthrie, Ok., July 12.—Seventy-five opinions were handed down by the state supreme court today and sixty days additional time was granted the express companies operating in Oklahoma to brief their case on appeal from the state corporation commission order lowering rates between Oklahoma points.

There was no intimation by the court of an early opinion in the state capital removal case, nothing being revealed whether the case has even been assigned to a justice for preparation of an opinion.

An opinion that means thousands of dollars to County Judges on Indian Territory side of the state was given by Chief Justice Dunn in Gardner vs. State, from Hughes county, holding that prior to the act of the 1910 legislatures, County Judges were not required to pay over to the counties fees collected under an act of congress for approving the conveyances of interests of full-blood Indian heirs in the lands of deceased allottees of the Five Civilized Tribes.

In reversing, with instructions to dismiss, Justice S. W. Hayes, in Jefferson vs. Winkler, from Muskogee county, holds: "A minor, males under 21 and females under 18, do not acquire by marriage the authority to sell his or her allotted lands independent of the jurisdiction and supervision of the Probate courts of the state."

Another important opinion in Indian matters is by Justice M. J. Kane in affirming Boudinot vs. Morris, from Cherokee county, holding: "While persons who intermarried with Cherokee Indians after Nov. 1, 1875, are not entitled to share in the allotment of the lands or the distribution of any of the funds belonging to the Cherokee Nation and are not entitled to be enrolled for such purposes."

Justice R. L. Williams, in affirming Galbreath vs. Kolachney, from Okmulgee county, a contest over a valuable oil lease, holds: "Oil and gas, while in the earth, unlike solid minerals, are not the subject of ownership distinct from the soil, and the grant of the oil and gas is therefore a grant not of the oil that is in the

ground, but of such part as the grantee may find, and possesses nothing that can be the subject of an ejectment or other real action."

## EXCERPTS ROSS' SPEECH ADA'S GOOD FRIEND

ADA NORMAL A PET—NO BETTER  
PLACE IN STATE FOR NOR-  
MAL SCHOOL.

Somebody said I didn't have any friends in Ada. I don't believe that because I have one friend in Ada, I know. This Ada Normal school was somewhat a pet of mine. I even violated an agreement to get to vote for a normal school here at Ada, for \$ thought then, as now, there is not a better place in the state for a normal school.

I am pretty well acquainted in the west side of this state, having moved to Oklahoma and entered that part of the state on the 22nd day of April, 1889. I was born and raised in Arkansas, never lived anywhere else till I immigrated to the United States in 1889. But since I have lived out here, I have learned that one fellow is about as good as another, and most of them better, in Oklahoma.

I am a democrat. I believe in a government for the people and by the people. If the people didn't rule in fact and there is a remedy that will cause them or allow them to rule, why should you not adopt the remedy so that the people can rule in fact as well as in theory.

I entered this race on the 2nd day of last April. I was introduced by the toastmaster at the normal banquet as the next governor of Oklahoma. I believe now that he was a political prophet. I believe my friends are going to allow my friends, Cruce and Murray, to stay at home until they can get their differences settled and let me go on. If either of these gentlemen had the system for what I believe to be a remedy for what will soon be the greatest evil in government, I would much have preferred to support them, for they are worthy gentlemen and gentlemen that any one could have supported if they were an elected nominee.

One of the greatest evils is power to appoint men to office. No one was ever elected to a state legislature who didn't owe it to one back home to secure as good position as possible for him. If the people have got sense enough to elect two United States senators, don't you think they have got sense enough to elect a warden of the penitentiary?

If I had my way, I would destroy every drop of liquor, men's appetites for it, and the knowledge of how to make it, and then there would be no discussion about that question. I have had experience with it. I was once a devil in a printing office when it

was considered the first mark of a good printer to get drunk. It wasn't long until I had that mark. And until 7-12 years ago, I had the experience I hope you will never have. If there is a question I believe men should discuss and take a reasonable view of it is the question of the liquor traffic.

## SOME THINGS WE KNOW.

It may be humiliating to admit it, but there are some things, that the News does not know. Some people may be astonished at the frank admission, but we are consoled with the fact that there are some things we do know. We might add, there are many things we wish to know that we don't know.

Under the topic of Things We Know let us state that W. H. L. Campbell, "Swamp" as we call him, was at the statehood election in 1907, elected to a state office, viz: The clerk of the Supreme court. Let us also state that the legislature has reposed other confidences in him by making him clerk also of the Criminal Court of Appeals. During the three years that have almost elapsed since statehood, no officer in charge of a department at the Capital of the State has made a more pronounced success of his administration than has "Swamp" in the language of the street "He has made good."

What more can we say? Yet among the Things We Know we wish to add this unique and praiseworthy circumstance. At the primary election of July, 1907, when the Hon. William Henry Lee Campbell (for that is "Swamp's" real baptismal name) was nominated for the office of Clerk of the Supreme Court, if he was not financially busted, he resembled very much Sir Walter Scott's Tree—"The stately pine is yet unbent, though many a goodly bough is rent." Yet in this financial condition, when money run out at the democratic headquarters and Chairman Joe Thompson had not the "where with all" to pay the absolutely necessary campaign expenses, "Swamp" begged a loan of \$500.00 from the Ada banks and turned every cent of this money into the hungry coffers of democracy. This fact is well known in Ada as well as by the old democratic committee.

We wish to add, among Things we know, that the state examiner and inspector has filed a sworn official report in which he shows that the office of clerk of the supreme court pays less than \$3000 per annum.

Now, one of the things that we want to know is, where Brother Push Gardner is going to get the other \$2000 to pay over to the state per annum in lieu of votes for the office unless he has got a great deal more money than has our old "Swamp Fox."

In conclusion let us say, that we don't know how strong Brother Gardner and the other candidates against W. H. L. are in other parts of the state but if the present occupant of the Supreme Clerk's office runs in other portions of the state as strong as "Swamp" does in his home county, old Pontotoc, and adjoining counties, it is all off with Brother Gardner, et al.

## L. L. MOSHER, JR., AP- PEARS FOR TRIAL TODAY

L. L. Mosher of Wagoner, who was charged with forgery by R. R. Ford and F. R. Harris last month and whose preliminary examination was set before Justice Brown for today appeared in company with his father ready for trial. The prosecution not being ready for trial it was deferred until some time in the future probably in September.

Mosher and his father returns to their home this evening.

## NO WAR BETWEEN GERMANY AND U.S.

IS NOT ANTAGONIZING U. S. IN  
NICARAGUAN AFFAIRS.

## THE RUMORS ARE FALSE

German Government Officials Are  
Wrought Up Over the Attempts  
to Have Nation Appear  
Antagonistic.

Berlin, July 12.—Germany has taken no stand in opposition to the United States in the affairs of Central and South America. Germany has issued no statement that could be construed into antagonism to the American government in what that government has done, is doing or may do, in Nicaragua. This declaration was made at the German foreign office this evening.

Special dispatches from Washington and other American cities reported that the German foreign office has issued a statement today that "Germany refuses to recognize any right on the part of the United States to supervise his diplomatic returns with other countries, Central and South American countries in general and Nicaragua in particular."

When this report was placed before the foreign office it was given an emphatic denial. No such statement an official declared angrily, had been issued by that department or by any other department of the German government. He affirmed that no declaration of such a nature could be made because there was no necessity for it, and, therefore, a statement published in such a sense was pure invention.

German government officials are greatly wrought up by the attempts made to have this country appear in a role antagonistic to the United States. The present occasion has arisen from the publication of a letter from Emperor William to Dr. Madriz, president re facto of the government of Nicaragua. In several quarters, apparently, the significance of this letter has been misjudged and it became necessary today, in order that no wrong construction might be placed on it, to issue a statement through the foreign office explaining that the letter was merely a formal acknowledgment of a notice received from president de facto of the government of Nicaragua. In several quarters apparently, the significance of the letter has been misjudged and it became necessary today, in order that no wrong construction might be placed on it, to issue a statement through the foreign office explaining that the letter was merely a formal acknowledgment of a notice received from Madriz of his selection to the presidency.

## FOREST FIRES UNDER CONTROL

Giant Trees in the Sequoia National  
Park Have Been Saved.

Washington, July 12.—The forest fires which have been ranging in the Sequoia national park for the last few days are believed to be under control and the famous giant trees out of danger, according to a telegram received at the interior department yesterday from the superintendent of the park.

The flames started at 10 o'clock Friday morning near the mouth of Sharp creek and traveled in a northerly direction, consuming brush, until they reached the timber on the high ground east of the Crescent meadow, threatening the red woods there. The fires moved in the direction of Buck canyon, but the superintendent believed that further progress would be prevented.

No fires on the national forest reserves have been reported to the forest service. Associate Forecaster Potter attributed their absence to the effective patrol which he said had been established on the federal woodlands.

## North Ada Baptist Church.

At North Ada Baptist church Sunday 4 p. m. there was organized two bands of workers which will give us real strength in our church work. One Barracca class with G. T. Howerton, president, and R. S. Bond secretary and the Willing Workers Band with Huie Howerton, president, and Luther Tackett, secretary.

These two bands are entering into a definite and systematic mission work. The watch word of these two classes is "something for every one." We are undertaking larger things for and expecting greater things from the Lord.

The Ladies' Aid of North Ada Baptist church will serve cream and cake on church lot Friday night, July 22. Everybody invited to be there.

## F. S. Houpt Returns.

Mr. F. S. Houpt and wife and little boy have returned from Sulphur, where they have been for a month for the betterment of Mrs. Houpt's health. Mr. Houpt states that the health of his wife is much improved and when she recovers from her home-sickness which caused their return home, they will return to Sulphur for a more prolonged stay.

## 1000 BUILDINGS ARE BURNED

CAMPBELLTOWN, NEW BRUNSWICK IS WIPE OUT BY ANGRY FLAMES.

## OVER 5,000 ARE HOMELESS

\$2,500 Loss—Largest Shingle Center in Eastern America Destroyed Completely.

Dalhousie, N. B., July 12.—A waste of smoking ruins extending for two miles, and seven isolated buildings represented tonight the town of Campbelltown and the nearby village of Richardsville, which were overwhelmed Thursday morning by fire driven before a gale. Two lives were lost during the ten hours the fire raged. Dr. Beverly Sproule, a dentist, while aiding with his automobile in rescuing women and children, was burned to death by an explosion of gasoline. An infant was suffocated in the dense smoke.

Five thousand residents of Campbelltown and 400 of Richardsville are homeless. One thousand buildings in Campbelltown and 75 in the village were destroyed. The combined loss in both places is estimated at \$2,500,000. The total insurance is \$1,000,000.

Tonight some semblance of order has been established and relief work was begun.

Campbelltown was the largest cedar shingle center in eastern America. All the mills were destroyed, including the big plants of the Shives Lumber company, the Richards Lumber company and the Moffatt mills. The property of these three concerns in which American capital was interested, was valued at \$300,000. A bale and the failure of the water mains left the population helpless against the sweep of the flames.

Entered as Second Class matter, March 26, 1904, at the Postoffice at Ada, Okla., under the Act of Congress of March 3, 1879.

The republican cry of Democratic extravagance in Oklahoma has suddenly hushed. From the closing hours of the Cannon congress comes a story of profligate waste that shames the cheek of every republican. The figures of Republican Tawny show that a new record for appropriations has just been made by a republican congress. In spite of the existence of a growing treasury deficit congress has "authorized and appropriated \$1,054,000,000. This is \$10,000,000 more than was appropriated by the preceding congress. It is twice as much, approximately, as was appropriated in two years of the Cleveland administration. It is far greater than any appropriation made in any year of the Lincoln administration when the government was engaged in a tremendous struggle and a million soldiers were in the field. Let our republican opponents continue their sermon. They now have an object lesson worth while.

In Mississippi, which has an abnormally large negro population, the whites pay approximately ninety per cent of the taxes. The negroes pay only ten per cent of the taxes. Yet of the school tax collected the negroes get fully sixty per cent to maintain negro schools, the whites getting only forty per cent to maintain white schools. The same condition threatens Oklahoma. If negro immigration is not speedily checked Oklahoma will soon become the greatest negro state in the Union. Then we shall have the same conditions that now cures Mississippi—the white race paying practically all the school taxes and the black race receiving the benefit of those taxes. By voting for the "Grandfather Amendment" you will be voting to discourage negro immigration and thereby rendering the state a service that cannot be overestimated.

There is no such thing as the right to vote. It is a privilege conferred by law. No American could vote in any election until the privilege was conferred by the national constitution. Only such Oklahomans can vote as have been given the privilege by our organic law. The same power that confers the suffrage privilege, may impose conditions under which that privilege must be exercised. If the state believes that illiterates should be excluded—from the suffrage privilege, the state has the undoubted right to exercise that exclusion. If the state believes that illiterate negro suffrage is dangerous, it is both the right and the duty of the state to take from all illiterate negroes the same suffrage privilege that the state has formerly conferred.

## MURRAY NOT A STRADDLER

Tells What He Stands For in Platform—Dodge No Issues—Stands Erect.

1. I favor the Oklahoma constitution and stand pledged to its complete vitalization.

2. I favor all the laws passed by the first legislature and shall oppose their repeal or modification, except to extend and make more certain their intent.

3. I favor the continuation of our industrial educational system and its further development.

4. I favor consolidated rural schools.

5. I favor the sale of the school and public lands of the state on long time payments and low rates of interest, giving the preference right where the enabling act and the constitution requires it, but wherever possible to limit the amount of land to a reasonable amount, to the end that the greatest possible number of home owners may be subserved.

6. I favor such other and further labor legislation as will render the laboring man more free, promote his skill and protect him from unreasonable requirements from his employers.

7. I favor a full crew bill for railroad trains patterned on the Texas law, with the provision that all brakemen shall be white.

8. I favor providing for payment of interest upon all deposits of public funds.

9. I favor the retention of the prohibition law, and only such amendments as will render its enforcing provisions more effective, and will use every power of the state government to enforce it.

10. I favor the upholding of the state's powers and laws against the usurpation of the federal courts in the effort to destroy the powers of the Corporation Commission and the laws of the state.

11. I favor a policy both in the law and in its administration that will effectively wipe out the white slave traffic, protect the fair name of the womanhood of the country, and will protect the queen of the home from the slanders of the blackguard and the libertine.

12. I favor, as I have always favored, a speedy settlement of all Indian matters so far as they relate to Oklahoma. The sale of all Indian property; the payment of all Indian funds belonging to them and a speedy settlement of the entire Indian question in our state that the federal government may take its hands out of the state, and I am especially opposed to reopening the rolls, which would endanger the property of the Five Civilized tribes and disturb the business interests of that section of the state, and I especially oppose the bill to reopen the rolls known as the "McGuire Bill" which seeks to enroll the niggers; and also the effort to reopen the rolls of the Choctaw and Chickasaw Nation seeking to enroll the 4000 fraudulent claimants stricken from the rolls by the Choctaw and Chickasaw citizenship court.

13. While I favor in all matters of legislation giving the womanhood of the country the advantage under the law, I do not seek for woman's equal rights, but for woman's superior rights. For this reason I am opposed to woman's suffrage, because when she mixes and mingles in politics it will necessitate a discussion of her character, which should be sacred from such discussion whether such criticism be true or not and which has a tendency to break down all barriers against the criticism of the womanhood of the country. Suffrage is a duty and an obligation rather than a right. The responsibilities of womanhood far exceed that of manhood already. The home is the unit of the state. The man is the agent of that home. The family is the integral element of society, and I can not imagine anything more disastrous to civilization than to break down the barriers which protect the home from criticism, which woman's suffrage and the criticism of her character would inevitably do.

14. I favor changes in system of the courts of the state with a view of preventing an increase of judges and making possible the reduction of the number of judges and thereby reduce the expenses of state government.

15. I favor a change in the Board of Education so as to eliminate politics from the schools and leave the teacher independent to seek such course as he desires as a citizen, and make the vocation of the teacher an office rather than a position in order to give him a more certain tenure in his service of the state.

16. I am opposed to loaning the school funds of the state to any bank, loan or trust company who would utilize five per cent money from the state and loan it out at ten or more, and I am opposed also to loaning this fund to any land speculator or to any state officer, but favor loaning the same to those desiring to buy homes and lending assistance to one

who has a home and desires to improve it.

17. I favor the working of the state convicts upon the public roads with a view of utilizing this labor and at the same time removing the greatest possibility of conflict or competition with the honest labor of the state.

18. I am in favor of an effective usury law.

19. I favor the grandfather clause. I am opposed to either an educational or property qualification for white men. I favor denying all negroes the right to vote but no white man.

20. I favor free text books for all children in the primary grades.

21. I favor the retention of the initiative and referendum law, a statute which I wrote while a member of the first legislature.

22. I favor the Torrens land registration system to protect the home owner and the business interests as against the grafters and abstractors.

23. I lead the fight for the guarantee bank law on the floor of the house of the first legislature and stand for this law and shall use every effort to preserve it from break down.

24. I favor the payment of taxes by all persons upon all property, including all taxable Indian lands. I assisted in passing the tax laws that would tax all lands upon which the restrictions have been removed, and I also paid my taxes upon my own and family's allotments every payment since statehood, and in the event of election shall instruct the attorney general to push the suit on the Indian tax question, and likewise the suit wherein the railroads have enjoined taxes to the amount of two million dollars, in the interest of the state, which needs this revenue.

25. I have always favored the preservation of the constitution of Oklahoma. I preserved it from the federal courts when they enjoined me in 1907 from calling an election thereon. I stood up and favored it and voted NO on the 11th day of June, and am the only candidate in this race who did so.

26. My position upon all other question is fully known and will be found in the printed journals of the constitutional convention and the first legislature, in which two bodies I voted upon every question and answered every roll call on every day of each session of both bodies except one day while ill.

I have kept faith with every promise that I have ever made to the people of my county and district, and I shall keep faith upon each and all of the foregoing declaration of principles in the event of my nomination and election for governor of the state.

### MAKES WORK EASIER

Ada People Are Pleased to Learn How It Is Done

It's pretty hard to attend to duties with a constantly aching back; With annoying urinary disorders. Doan's Kidney Pills make work easier.

They cure backache.

They cure every kidney ill.

Charles Luther, Main St., Sulphur, Okla., says: "I can certainly recommend Doan's Kidney Pills, as I have used them with good results. During the past fifteen years my work obliged me to be on my feet the greater part of the time and this strain finally weakened my kidneys. About a year ago I suffered from a constant, dull ache in my kidneys and loins, could not sleep well and was very nervous."

As I had often heard Doan's Kidney Pills highly spoken of, I decided to give them a trial and procured a box. The relief I received from their use within a week was remarkable and the contents of several boxes restored me to good health. Doan's Kidney Pills did more for me than I expected and I have since felt better in every way."

Entire Congregation are Arrested by Officers for Praying Too Long and Loud for Jack Johnson.

Chicago, July 11.—While 400 joyous dorkies were praying and singing at a "thanksgiving service" for Jack Johnson at the Holy Nazarene church Sunday night, the police swooped down upon them and "pinched" the entire outfit.

The services had kept up most of the day and far into the night. The neighbors were aroused. Persons desiring to go to bed had no chance. They protested and the police raided. The song service ended in jail or on bail.

## TERRIBLE STRAIN RESULTED NOT AMISS

A Lenoir Lady, After Two Weeks Grinding Labor, Feels Better Than Ever.

Lenoir, N. C.—"I am not tired at all, and am stouter than I have ever been," writes Mrs. Kate Waters, of Lenoir, N. C., "although I have just finished a two weeks' wash. I lay my strength to Cardui, the woman's tonic. I have taken a lot of it and I can never praise it enough for what it has done for me. I can never thank you enough for the advice you gave me, to take Cardui, for since taking it I look so well and am stout as a mule."

You are urged to take Cardui, that gentle, vegetable tonic, for weak women. Its use will strengthen and build up your system, relieve or prevent headache, backache and the ailments of weak women. It will surely help you, as it has helped thousands of others, in the past 50 years.

REV. McDONALD, FORMERLY ADA MINISTER, NOW PRESIDING ELDER, PROBABLE BISHOP, VISITS ADA.

DR. McDONALD IS FOR CRUCE. COMPLIMENTS ADA. STREET PAVING GIVES CITY FLATTERING REPUTATION.

But If You Would Maintain the Leading State Normal, Boot-legging and Dive Running Must Be Stopped. Keep A Clean City.

Rev. J. B. McDonald, of Muskogee, who spent a couple of days in Ada this week, was a most welcome visitor at the News sanctum. He is always an interesting talker, taking a lively interest in all that concerns the country at large. He said, "Our people in our section are very much divided on the governor's race. Lee Cruce is the general favorite, however, and will probably get as many votes as the others combined. Further, there is a growing sentiment in his favor. I have been to several places lately and the whole country is all astir over the utterances of Murray about the 'stealing of the election from him,' and there being 'enough hemp rope to hang all the scoundrels.' Then the insinuation about our state institutions and the 'white slave traffic' is very unfortunate as coming from a democrat. I do not believe a word of it. I think also we have had plenty of 'hemp rope' notoriety in this state and that there are plenty of republicans to accuse us of stealing the elections."

"Who am I for?" Oh, I am for Cruce. His personal character is such as to commend him to the public as high grade gubernatorial timber. Then, he will make a nominee who can consistently withstand the onslaughts of the republicans. That is to be our battle royal. He can win the race and would not be an objectionable candidate to any class of our people.

"Ada is growing nicely. You who live here do not realize its growth. I look to see a larger business here this fall than ever. The paving of the streets is giving you a splendid reputation abroad and helping to advertise the city. One thing is going to hurt you, however, if it is not stopped. The location of a state normal here, presupposes that the people will keep the city free from dives and places of vice. The people who send their sons here have a right to expect that the citizenship will protect them from the snares of the bootlegger and dive keeper. If the normal succeeds, as we hope, the jointest must be kept out. Not to do so will greatly effect the attendance and ultimately the appropriations for the school. When the report goes out that Ada tolerates lawlessness and harbors the bootlegger then the troubles of the Ada Normal will begin in earnest. I am always glad to see such splendid signs of prosperity as are shown here now and I am more and more impressed that this is a good place to rear a family."

No, I am not a candidate for state senator. There was no one to file for that office and the last day had come, so rather than let the ticket go blank, some of my friends filed me. I will be nominated at the primary, but I cannot make a campaign. I cannot afford it.

THE PEOPLE WHO PUT THE PRICE DOWN

# GOD WANTS INTENSIVE ARMY

Rev. E. E. Hendricks Preaches to a Good Congregation on the Army and Weapons Needed to Fight Sin.

That was a good congregation that assembled under the big tent last night to hear a big sermon by a big preacher.

Rev. Hendrick is large any way you take him, physically, intellectually or spiritually. He speaks rather rapidly at times, but has the happy turn of putting his hearers in sympathy with him, and himself in harmony with the congregation from the start, so he is followed throughout his discourse with ever increasing interest.

His style is simple, clear and forceful, and while his sermon last night was genial and glowing, sometimes almost humorous, it was backed by an intense earnestness and profound seriousness. After song service, which lasted about thirty minutes, Rev. Hendrick made a few introductory remarks, in which he expressed himself as being glad to be here. While he had not received any former introduction to the people he felt by no means a stranger, having known several of our citizens before hand. He informed the congregation that Rev. Carter, his singer, would be here today, and that Miss Gleaves of Nashville, who is already here, would take the piano during the series of services, which assures good music throughout the meeting.

After this the evangelist went strait into his theme for the evening, and struck hard and heavy to the close.

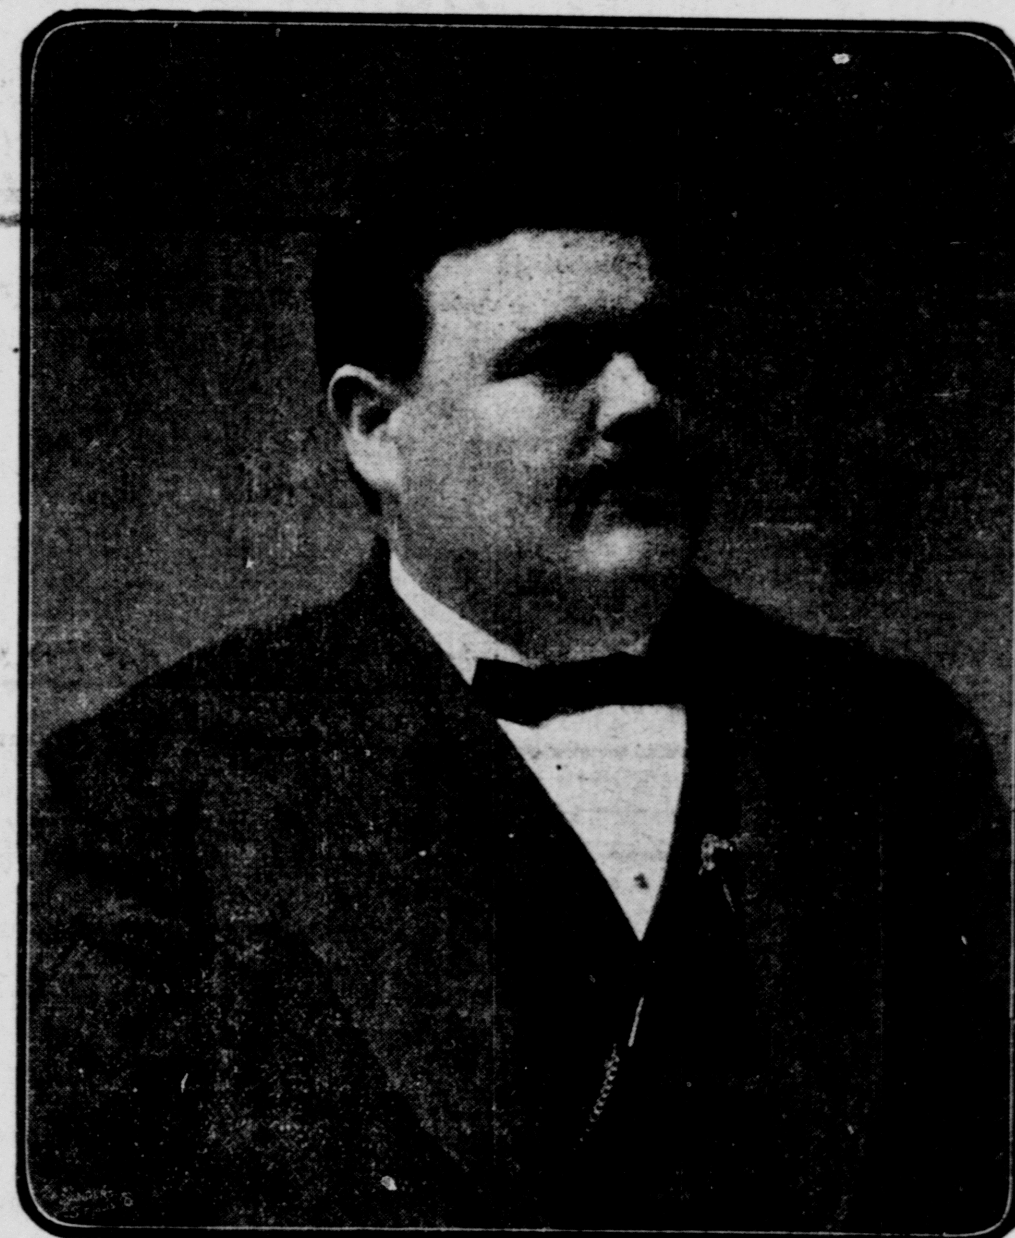

The kind of army and weapons needed to fight sin and satan were defined as being "an intensive army not extensive army" and the old fashion weapons of prayer and earnestness, "God does not want an army extensive but intensive." This was illustrated by the army of Gideon, which was reduced from 32,000 to a mere handful until God had selected the kind of men desired in his army. "We do not need to be greater, but better and faithful men will be the men that God will depend on," continued the Rev. Hendrick.

The minister believes in cooperation rather than controversy with the different denominations, saying that, "I am glad that we have reached the time when we can shake hands and end controversy. The world is not asking so much of our theology as so much of our hearts."

He touched on the saloon question long enough to say that it was not a dead issue and urged the fight against the saloons to be kept up, taking the view that if the right kind of soldiers were listed in the fight there would be a day when this country would be rid of sin and evil places. The weapons needed in the fight is prayer, the old time power that never fails, and earnestness. "There is no patent on religious weapons needed to fight sin."

The minister concluded by stating that judging from the size of the congregation and interest manifested that God would give us a great revival and Ada for Christ. "If the religion of Jesus Christ feeds the hungry, saves the drunkard, and clothes the needy, God gives us a great tidal wave of religion in this country."

The W. C. T. U. will meet (tomorrow) Thursday afternoon at four o'clock at the First Methodist church. All members urged to be present.

REV. E. E. HENDRICK  
Hear him at the Union Meeting tonight.

### FIRE ALARM EARLY LAST

#### NIGHT WAS A FALSE ONE

The fire alarm which caused some little excitement and no little guessing as to where the fire was, proved to be an alarm given by mistake.

Two electric wires became crossed and were burning, when the light plant was notified by phone of the fact and give the alarm by mistake. The fire department made an unnecessary run of course.

About the time the whistle had blown the fourth succession of blasts

and the lights went out Rev. Hendrick who is conducting the union revival service was convinced that it would take him some time to get on to the signals in Ada, but expressed hope of being able to comprehend them after while.

## TAFT AND CRANE TALK POLITICS

**Alaskan Situation Has Given Taft Much Concern—Desires as Much First Hand Knowledge of Alaskan Affairs as Possible.**

Beverly, Mass., July 12.—President Taft talked politics today with Senator Crane, of Massachusetts, Attorney General Wickersham, and Secretary Nagel of the department of commerce of labor. Extreme reticence was displayed by every body and no statement other than that the general situation was discussed could be obtained. The president was reported tonight to be well satisfied with general conditions and hopeful of republican success "all along the line."

It was definitely determined this afternoon that Attorney General Wickersham shall accompany Secretary Nagel to Alaska. The situation in

that far-off territory has given the president much concern. Serious factional fights have been in progress there for several years. Extreme bitterness has been displayed.

The delegate from Alaska, M. Wickersham, who is no relation to the attorney general, is at loggerheads with the administration.

The president has found it necessary lately to remove a number of Alaskan officials. Several of the men whom he appointed to succeed these failed of confirmation and made it necessary for the president to resort to recess appointments.

Mr. Taft wants as much first-hand information as he can get on the situation so as to shape his future course with reference to Alaskan affairs. He believes that the attorney general and Mr. Nagel can bring him this information. While in Alaska, Secretary Nagel will look into the salmon fisheries and will also investigate the light house situation.
